JOHN CHIANG
California State Controller

October 29, 2012

Renee Webster-Hawkins, Interim Executive Director
First 5 California
2389 Gateway Oaks Drive, Suite 260
Sacramento, CA 95833

Dear Ms. Webster-Hawkins:

I am pleased to submit our annual report to the First 5 California Commission. Our report summarizes the results of our review of the independent audits of the local First 5 county commissions (local commissions) for Fiscal Year (FY) 2010-11. This report also summarizes the results of our review of the audit findings identified in the independent auditors' reports to the local commissions.

This is the fifth report submitted in accordance with Senate Bill 35 (Chapter 243, Statutes of 2005), which mandated an expanded audit of every county commission funded by the California Children and Families Program Act of 1998. Each commission was required to adopt a range of policies, including contracting and procurement, administrative expenditure limits, conflict of interest, staff compensation, and long-range financial planning. Each local commission is required to have an annual independent audit that is reviewed by the State Controller's Office.

Our review focused on the local commissions' compliance with program requirements (as reported by their independent auditors) specified in the Health and Safety Code. We also verified the independent auditors' compliance with audit standards and the expanded audit guidelines when performing the local commission audits. As required by statute, our annual report summarizes the results of our review and assesses the audit reports issued by the independent auditors. In addition, the audit findings and audit finding follow-up section of our report presents information related to the findings from each local commission's independent audit report. Lastly, our report contains comparative statistics from the results of our desk reviews of the independent audits for FY 2010-11, FY 2009-10, and FY 2008-09, where applicable.

I hope our report will be useful to you in assessing the local commissions' activities and compiling your annual report to the Legislature. Please direct any comments regarding the content of the report to Lisa Hughes, Chief, Community-Related Audits Bureau, at (916) 322-8489.

Sincerely,

Original signed by

Executive Summary

The California Children and Families Act (Act) was created in 1998 by the passage of Proposition 10. The Act was amended in 2005, giving the State Controller's Office (SCO) oversight responsibility for audits of the local First 5 county commission (local commissions). The objective of the amendment was to provide the state commission with independently verified fiscal and state compliance information obtained from audits performed in accordance with applicable standards and requirements.

The State Controller's oversight responsibility includes providing audit guidelines, reviewing local commissions' annual audit reports for compliance with applicable audit standards and guidelines, and following up on findings contained in the audit reports to ensure compliance with policies and practices specified in the Health and Safety Code. As needed, the SCO approves and makes substantive changes to the audit guide after consultation with an audit guide committee composed of representatives from the First 5 state commission and local commissions.

This is the fifth report submitted in accordance with the expanded audit statutes chaptered into law in 2005; therefore, this report includes comparative results. In summary, our report contains the following key observations we made during our review of the local commissions' independent audit reports:

- Of the 58 independent audit reports, 37 (64%) independent audit reports complied with audit guide requirements and/or audit standards, an increase compared to prior reporting periods. In Fiscal Year (FY) 2009-10, only 40% of the independent audit reports submitted complied with all standards and/or requirements, while in FY 2008-09, 60% were in compliance.
- Of the 58 local commissions, 48 (83%) submitted the required audit reports by the November 1st deadline. In comparison, 69% of the audits in FY 2009-10 and 60% of the audits in FY 2008-09 were submitted by the deadline.

In addition to the observations we made during our review of the reports, the independent auditors identified a total of 19 audit findings at 14 local commissions; these findings were categorized as either "internal control" (14) or "state compliance" (5). In comparison, 11 of the FY 2009-10 audit reports contained 14 audit findings (13 internal control and 1 state compliance). In FY 2008-09, 16 of the audit reports contained 27 audit findings (18 internal control and 9 state compliance).

For FY 2010-11, the SCO did not recommend withholding funding allocations for any commission for failure to correct (or provide a viable plan to correct) audit findings.

Introduction

Overview

The State Controller's Office (SCO), Division of Audits, is responsible for performing the oversight activities for the independent audits of local commission administering the First 5 program authorized by the California Children and Families Act. Oversight activities consist of:

- Developing an audit guide based on the Health and Safety Code, audit standards generally accepted in the United States, and government auditing standards;
- Verifying (via desk reviews/analysis) that the independent audit reports contracted for by the local First 5 commissions (local commissions) comply with auditing standards and the audit guide; and
- Verifying local commission compliance with policies and practices (specified in Health and Safety Code) by reviewing and following up on audit findings reported in the independent audits.

Health and Safety Code section 130151 (added by Chapter 243, Statutes of 2005) requires that the SCO issue guidelines for annual expanded audits¹ that require independent auditors to review local commission compliance with policies and practices related to:

- Contracting and procurement
- Administrative costs
- Conflict of interest
- County ordinance
- Long-range financial plans
- Financial condition of commission
- Program evaluation
- Salaries and benefit policies

In addition, Health and Safety Code section 130151 also requires that the SCO:

- Determine, within six months of the state or county commission's response pursuant to subdivision 130151(d), whether the local commission has successfully implemented corrective action in response to the findings contained in its audit report;
- Recommend that the state commission withhold the funding allocation for local commissions unable to provide the SCO with a viable plan to correct identified audit findings; and
- Submit to the First 5 Commission, by November 1 of each year, a report summarizing the results of the reviews of the local commissions' audits for the preceding reporting cycle.

¹ *Standards and Procedures for Audits of Local Entities Administering the California Children and Families Act (First 5).*

Background

First 5 Program

The California Children and Families Act of 1998 (Act) authorized the First 5 program. The Act required that the First 5 program be funded by surtaxes imposed on the sale and distribution of cigarettes and tobacco products. The Act further required that the funds be deposited into the California Children and Families Trust Fund for the implementation of comprehensive early childhood and smoking-prevention programs.

SCO Oversight

The SCO's oversight and reporting requirements (Health and Safety Code section 130151) were added by Senate Bill (SB) 35 (Chapter 243, Statutes of 2005). Prior to SB 35, existing law already included a fiscal/audit reporting component; therefore, the addition of SCO oversight was considered to be an expansion of those requirements. Consequently, the local First 5 county commissions (local commissions) refer to the SCO audit guidelines as "expanded" audit guidelines.

The SCO, along with a committee—composed of representatives from the First 5 California Commission, local commissions, the Government Finance Officers Association, county auditor-controllers, and independent auditors—developed the initial audit guide based on statutory requirements enumerated in Health and Safety Code section 130151(b). The guide is updated as needed by a committee composed of representatives from the SCO, the First 5 state commission, and the local commissions. Health and Safety Code section 130151(b) states that the scope of the independent audits will address the commissions' policies and practices related to:

- Contracting and procurement
- Administrative costs
- Conflict of interest
- County ordinance
- Long-range financial plans
- Financial condition of commission
- Program evaluation
- Salaries and benefit policies

Independent Audit Report Requirements

The Health and Safety Code requires the auditors for the local commissions, or the local commissions themselves², to submit an independent audit report to both the SCO and the First 5 California Commission each year by November 1. The fiscal year ending June 30, 2011 was the fifth year that the 58 local First 5 county commissions were subject to the SCO's expanded audit guidelines; the resulting audit reports were due by November 1, 2011.

² Submission deadline is based on two statutory codes, one requiring the submission and one specifying the deadline. Specifically:

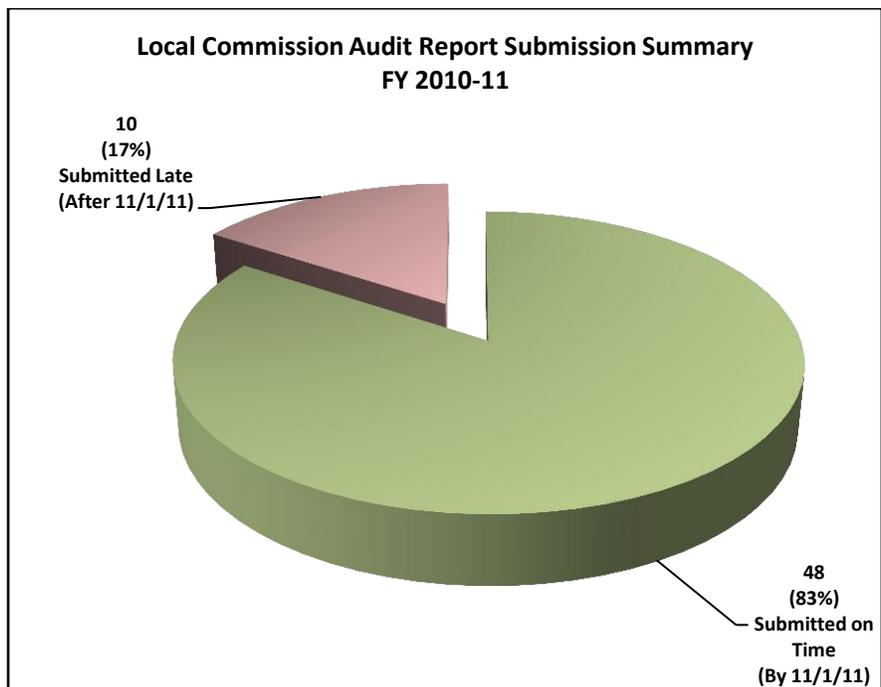

- Health and Safety Code section 130151(c) requires that "the auditor for the state commission or the county commission shall submit each audit report, upon completion, simultaneously to both the Controller and to the state commission or applicable county commission."
- Health and Safety Code section 130150(a) requires that "... on or before November 1 of each year, each county commission shall submit its audit and report to the state commission. . . ."

Results of Oversight Activities

Audit Report Submissions

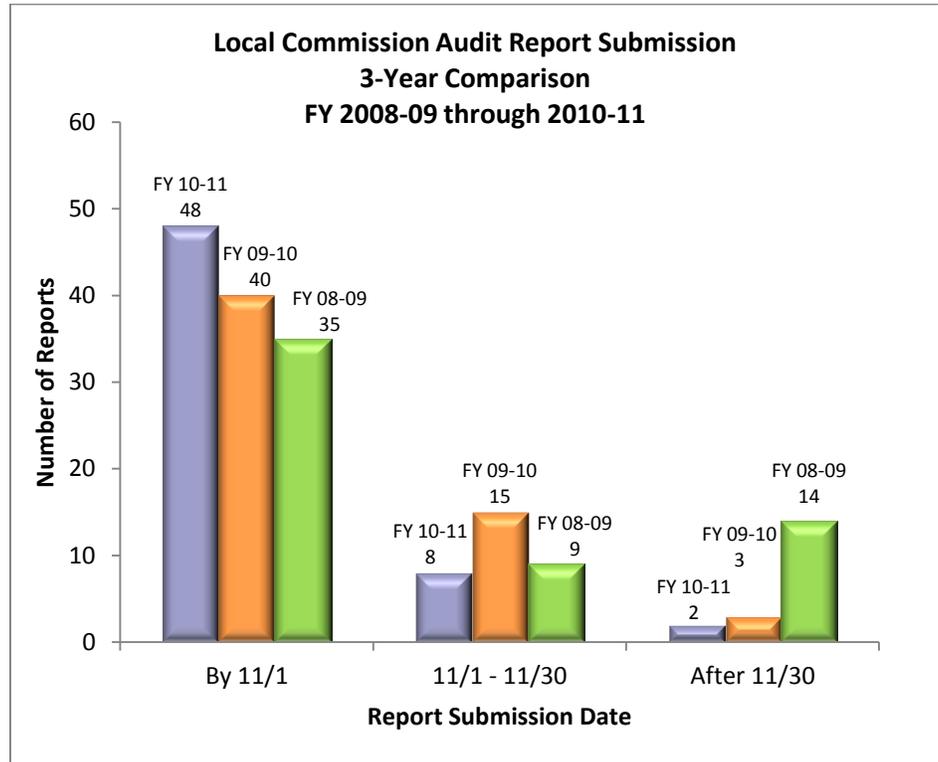

Audit reports for the preceding fiscal year must be filed with the SCO by November 1 of the current fiscal year. As noted in Figure 1, for FY 2010-11, 48 of 58 (83%) local commission audit reports were submitted by the required deadline. Another 8 audit reports (14%) were submitted within 30 days of the deadline, while the remaining 2 reports (3%) were submitted more than 30 days late. The two local commissions that submitted their reports more than 30 days late indicated that they were unable to prepare the financial statements in a timely manner.

Figure 1

Compared with the FY 2009-10 audit review cycle, in 2010-11 there was an increase in audit reports submitted on time. There was also a decrease in the number of FY 2010-11 reports submitted more than 30 days late when compared to the FY 2009-10 audit review cycle. See Figure 2 for comparative data on report submissions.

Figure 2

Audit Review and Certification Process

In accordance with Health and Safety Code section 130151, the SCO reviews and certifies (certification cycle) the annual independent audit reports issued by the auditors for each local First 5 county commission (local commission) for compliance with applicable auditing standards and audit guidelines set out in the *Standards and Procedures for Audits of Local Entities Administering the California Children and Families Act – First 5* (First 5 Audit Guide).

To facilitate the consistent review and certification of each audit, the SCO created a comprehensive desk review checklist that details and categorizes the program requirements specified in the First 5 Audit Guide. The desk review checklist also includes the required components of an audit based on both auditing standards generally accepted in the United States and government auditing standards. Any instances of non-compliance we found in the preparation of the independent auditors’ reports (Audit Report Deficiencies) are summarized in this report.

At the end of the FY 2007-08 audit report certification cycle, the SCO issued an advisory (dated September 10, 2009) to all independent auditors for the local commissions. The advisory provided information to assist independent auditors in performing audits of the First 5 program in accordance with audit standards and the audit guide. The advisory, which applies to audit years beginning with FY 2008-09, provided clarification of the:

- Applicability of certain audit requirements (public disclosure wording in auditor opinions);

- Need for independence-related disclosures required by government audit standards when the audit is performed by the county auditor-controller;
- Need for audit reports to comply with the Governmental Accounting Standards Board (GASB) Statement 34 reporting model;
- Disclosure required when a local commission exercises the option not to provide a Management Discussion and Analysis to introduce its financial statements; and
- Request to submit commission agendas, minutes, and approved corrective action plans needed for the SCO to perform audit finding follow-up and verify public discussion of audit findings.

The advisory also made the independent auditors aware of miscellaneous quality control issues (i.e., incorrect report titles, typographical errors in opinions and financial statements, and report reproduction issues).

Audit Report Deficiencies

This section describes deficiencies found in the independent auditors' reports. A deficiency is an instance of an independent auditor's non-compliance with audit standards and/or the expanded audit guidelines (First 5 Audit Guide) issued by the SCO. Independent auditors (not local commissions) are responsible for addressing deficiencies in their reports on the local commissions. Based on our desk reviews of the FY 2010-11 independent auditors' reports on the local commissions, we found that 21 of the 58 independent audits (see Figure 3) contained a total of 39 deficiencies. The SCO notified the independent auditors and local commissions in writing that the audit report required correction(s). The written rejection letters identified the deficiency/deficiencies noted and the criteria used to determine non-compliance.

Figure 3

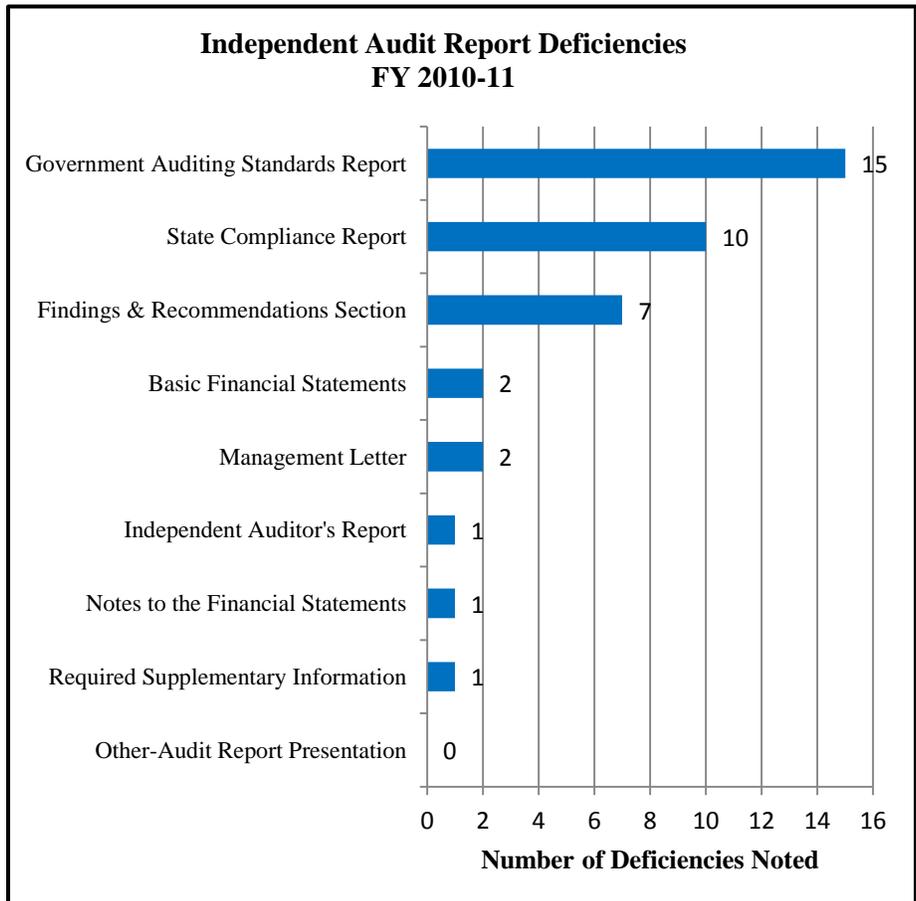

Notable Audit Report Deficiencies

As detailed in Figure 4, during this review and certification cycle the SCO identified 39 deficiencies in the 21 rejected reports. The audit report deficiencies were related to basic financial statements, state compliance reports, the findings and recommendations section of the audit, and the audit report presentation. The most notable issues were:

- State compliance reports that were not prepared in accordance with Statement on Auditing Standards (SAS) No. 117, and/or were not in the required format;
- The Government Audit Standards Report was not prepared in accordance with SAS No. 115;
- Findings and recommendations that were missing the required element(s) of an audit finding;
- Audit reports that reference management letters that were not submitted to the SCO with the annual audit report; and
- Basic Financial Statements that did not total correctly and/or the title of the financial statement did not correspond with the presentation of the financial statement.

Figure 4

See Appendix A-1 for detailed category breakdown.

Comparison of Audit Report Deficiencies by Fiscal Year

Fewer audits (39) had deficiencies in FY 2010-11 than in the prior year (FY 2009-10), when 114 deficiencies were identified. Of the 114 total audit deficiencies noted during FY 2009-10, a significant amount (76) were related to the 25 local commission independent auditor reports containing state compliance reports that were not prepared in accordance with SAS No. 117. SAS No. 117 provided new compliance reporting requirements effective for fiscal periods ending on or after June 15, 2010. For FY 2008-09, 33 deficiencies were identified.

During this review cycle, the SCO identified no recurring deficiencies. For FY 2009-10, three of the independent audit reports had one or more audit report deficiencies previously identified in FY 2008-09 that had not been corrected. For FY 2008-09, we noted two recurring deficiencies identified previously in FY 2007-08.

Figure 5 provides a breakdown by category of audit deficiencies for the current and previous reporting periods. Appendix A-2 provides additional detail for each category for the three audit years.

Total	<u>39</u>	<u>114</u>	<u>33</u>

Findings Reported by the Independent Auditors

This section describes the audit findings reported by the local commission’s independent auditors. The independent auditors for 14 of the 58 local commissions (see Figure 6A) reported a total of 19 audit findings (see Figure 6B) categorized as either “internal control” or “state compliance.”

Figure 6A

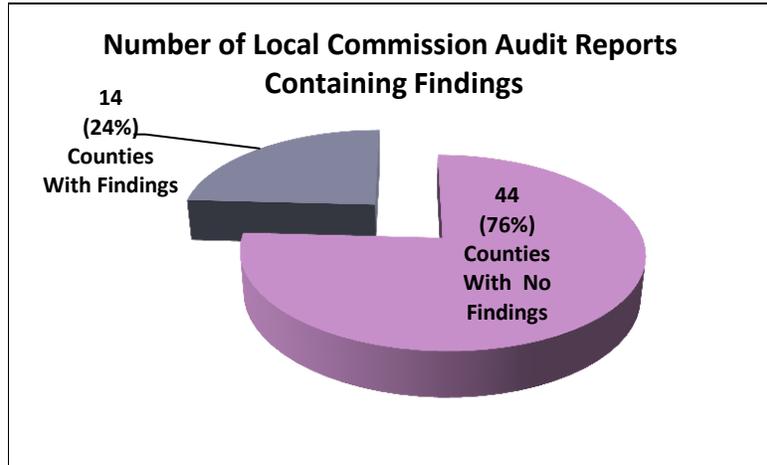

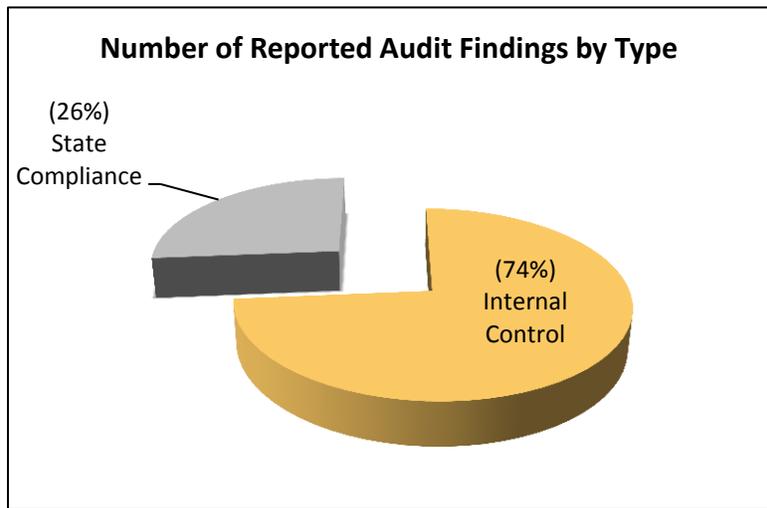

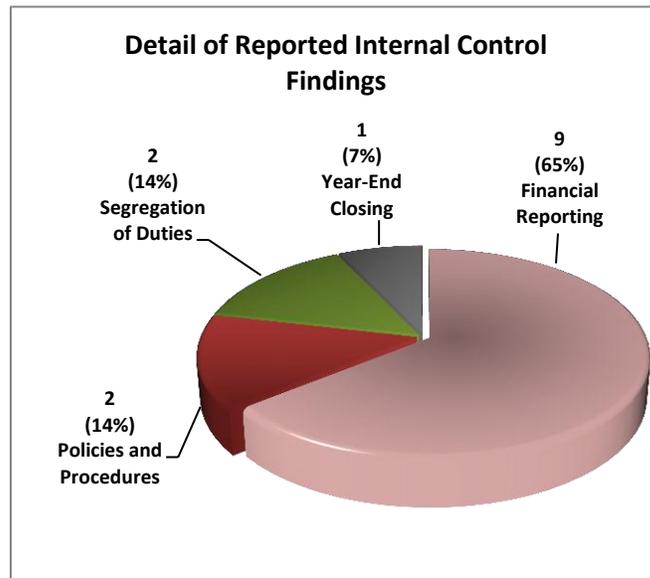

Figure 6B

**Breakdown of
Reported Internal
Control Findings**

Four functional areas are represented in the 14 internal control findings reported for FY 2010-11, as summarized in Figure 7.

Figure 7

The majority of the internal control findings (9 of the 14) are in the financial reporting category. Eight of the 9 financial reporting findings included in the audit reports relate to a recurring situation that is not readily corrected in one reporting cycle. Specifically, these findings address the local commissions' reliance on their independent auditors to draft financial statements and/or the accompanying notes to the financial statements.

Statement on Auditing Standards 1, Section AU 110.03, states that the financial statements and the accompanying notes are the responsibility of management. Therefore, when the independent auditor must prepare (or significantly assist in preparing) these documents, it must be reported as an internal control finding under auditing standards applicable to FY 2010-11. However, all eight local commissions indicated that they do not have the resources and/or do not find it feasible to hire staff to prepare the financial statements and/or accompanying notes. Based on our audit finding follow-up, our review of corrective action plans included in Commission meeting minutes, and the local commissions' responses to audit findings, we noted that:

- Five of the eight local commissions indicated that it is cost-prohibitive to hire staff or retain a public accountant to prepare the financial statements but are working with their county's auditor-controller to assist in preparing the financial statements and/or accompanying notes; and

- Three of the eight local commissions have determined that it is not cost-effective to engage someone to prepare the financial statements and accompanying notes, and they plan to continue relying on their independent auditor to prepare the annual financial statements.

Our review of local commissions’ board minutes indicated that all eight local commissions kept their governing commissions apprised of their attempts to find corrective action or implement mitigating procedures. This issue is not easily remedied due to a number of factors including the limited resources/options of smaller or remotely located local commissions. As a result, seven of the eight findings determined to have carried forward from FY 2009-10 (repeat findings) were related to local commissions relying on their auditors to prepare the financial statements and accompanying notes.

In comparison, 13 internal control findings reported for FY 2009-10 were in two functional areas. The FY 2008-09 audits contained a total of 18 internal control findings (in three functional areas). Taking into account the issue previously discussed, the local commissions appear to be correcting audit findings within a reasonable timeframe.

For FY 2010-11, there were five state compliance findings (in four functional areas). In comparison, one state compliance finding was reported in 2009-10. In FY 2008-09, three functional areas were represented in nine of the state compliance findings. Fiscal-year comparison by year is summarized in Figure 8.

***Breakdown of
Reported State
Compliance Findings***

Conflict of Interest	0	1	4
County Ordinance	0	0	2
Administrative Costs	<u>1</u>	<u>0</u>	<u>0</u>
	<u>5</u>	<u>1</u>	<u>2</u>

**SCO Follow-up on
Reported Audit
Findings**

In addition to performing our desk review of the local commission audits, we are required to follow up on findings reported in the local commission audits. Specifically, Health and Safety Code section 130151(e) requires:

Within six months of the state or county commission's response pursuant to subdivision (d), the Controller shall determine whether a county commission has successfully corrected its practices in response

to the findings contained in the audit report. The Controller may, after that determination, recommend to the state commission to withhold the allocation of money that the county commission would otherwise receive from the California Children and Families Trust Fund until the Controller determines that the county commission has a viable plan and the ability to correct the practices identified in the audit.

The commissions, in accordance with Health and Safety Code section 130151(d) and *Government Auditing Standards* paragraph 5.32, are required to submit a response to findings in their audit reports. Audit finding follow-up is accomplished in three ways.

1. Review of evidence that the local commission has adopted a corrective action plan and/or resolved any findings. Evidence reviewed includes commission minutes, signed commission meeting agenda item documentation, and commission-approved audit finding responses.
2. Review of the subsequent fiscal year financial and compliance audit. Audit standards require that the independent auditor or auditor-controller determine the status of previously reported audit findings.
3. On-site visits by SCO staff to local commissions with audit findings.

For the FY 2010-11 audit review cycle, the SCO followed up on 11 findings via telephone conference for 7 of the 14 local commissions whose independent audits contained findings. Our follow-up resulted in a review of a total of 19 of the FY 2010-11 findings, representing 58% of the total reported findings for all 14 local commissions. All 7 local commissions provided corrective action plans and other documentation to substantiate resolution of their FY 2010-11 audit findings. In addition, we followed up on one FY 2009-10 finding during FY 2010-11. The FY 2009-10 finding was previously reported in FY 2008-09, at which time the SCO conducted an on-site visit to follow up on the finding. Based on our follow-up, the FY 2009-10 finding was corrected.

Based on our desk reviews of commission meeting minutes and telephone conference follow-up of audit findings, the SCO did not recommend withholding funding allocations for any commission for failure to correct (or provide a viable plan to correct) audit findings.

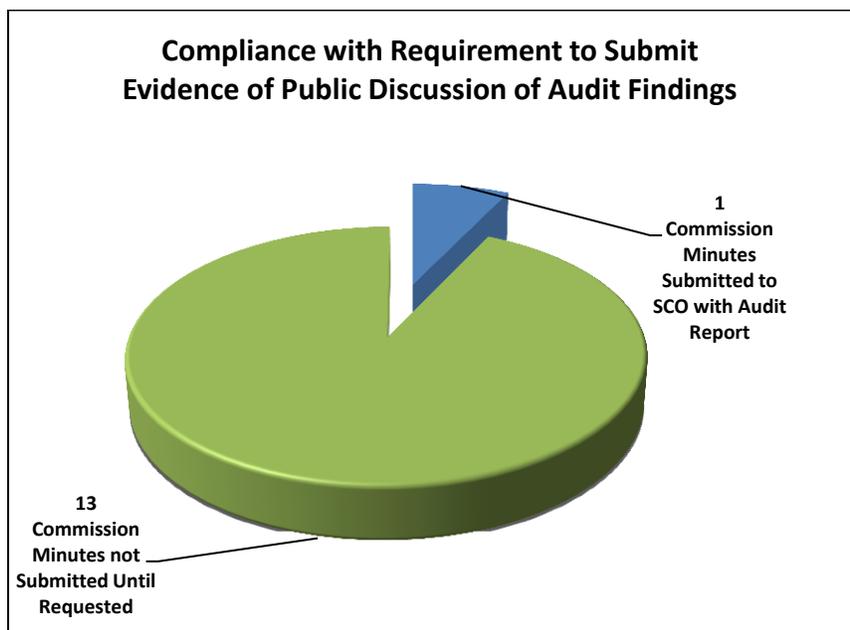

Compliance with Requirement for Public Discussion of Reported Audit Findings

The local commissions are required to discuss their audit findings in a public hearing. Specifically, Health and Safety Code section 130151(d) states, in part, that:

. . . each respective county commission shall schedule a public hearing within two months of receipt of the audit to discuss findings within the report and any response to the findings. Within two weeks of the public hearing, the state or county commission shall submit to the Controller a response to the audit findings.

In September 2009, the SCO issued an advisory requesting that the local commissions submit evidence (commission minutes and/or signed commission meeting agenda item documentation) of public discussion of audit findings and any related corrective action plans with their independent audit reports. However, for the last four review cycles, a significant number of local commissions have not submitted the required documentation until requested to do so by the SCO. For FY 2010-11, only one (7%) of the 14 local commissions whose independent audits contained findings submitted public discussion-related documentation to the SCO with its audit report (see Figure 9). Upon request, the remaining 13 local commissions submitted similar documentation; however, one local commission did not submit the requested documentation until after the third request.

Figure 9

Our review of the public discussion-related documentation submitted by the local commissions indicated that nine local commissions with audit findings held public hearings discussing the findings and related corrective action plans. The documentation initially submitted by the five remaining local commissions with audit findings did not contain detail sufficient to determine compliance with the public hearing requirement. At the request of the SCO, all five local commissions presented their findings at a subsequent public hearing and submitted the required documentation. We conclude that all 14 local commissions with audit findings complied with the requirement to discuss their audit findings and related corrective action plans in a public hearing.

Appendix A-1 Summary of Independent Audit Report Deficiencies Fiscal Year 2010-11

Description of Audit Report Deficiency	Number of Occurrences
<u>Independent Auditor's Report</u>	
The Independent Auditor's Report did not contain a statement that the purpose of the separately issued Government Auditing Standards report is to describe the scope of the testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance.	1
	<u>1</u>
<u>Basic Financial Statements</u>	
The <i>Balance Sheet-Governmental Funds</i> in the basic financial statements did not total correctly and/or the title of the financial statement did not correspond with the presentation of the financial statement.	1
The <i>Balance Sheet-Governmental Funds</i> title did not correspond with the presentation of the financial statement.	1
	<u>2</u>
<u>Notes to the Financial Statements</u>	
The notes to the financial statements did not include adequate disclosure of long-term debt; it did not include a schedule of changes or a statement of debt service requirements to maturity.	1
	<u>1</u>
<u>Required Supplementary Information (RSI)</u>	
The RSI of the budgetary comparison data for the general fund and any major special revenue funds did not total correctly.	1
	<u>1</u>
<u>The Report on Internal Control Over Financial Reporting and Compliance and Other Matters (GAS Report)</u>	
The GAS Report was not prepared in accordance American Institute of Certified Public Accountants (AICPA) Statement on Auditing Standards (SAS) No.115.	1
The GAS Report did not include the correct or complete definition of a deficiency in internal control or a material weakness.	1
The GAS Report did not include the required SAS No. 115 language for the auditor's consideration of internal control over financial reporting.	1
The GAS Report included contradicting statements that result in ambiguity in the independent auditor's opinion.	1
The GAS Report did not include the correct statement of the auditor's consideration of internal control over financial reporting when material weaknesses were noted.	5
The GAS Report did not include the required statement related to compliance with provisions of laws, regulations, contracts, and grant agreements.	6
	<u>15</u>

Appendix A-1 (continued)

Description of Audit Report Deficiency	Number of Occurrences
<u>Management Letter</u>	
Audit report refers to a separate management letter that was not submitted to the SCO.	2
	<u>2</u>
<u>Auditor's Report State Compliance (State Compliance Report)</u>	
The state compliance report did not identify applicable compliance requirements or a reference to where they can be found.	4
The state compliance report did not include the statement that the auditor's responsibility is to express an opinion on the local commission's compliance with the applicable compliance requirements based on the compliance audit.	1
The state compliance report was not in the format required by the SCO First 5 Audit Guide.	1
The state compliance report incorrectly referenced the title of the SCO First 5 Audit Guide.	4
	<u>10</u>
<u>Findings and Recommendations</u>	
The reported audit findings did not include all elements required by GAS (criteria, condition, and finding reference number).	6
The audit report did not include a Schedule of Prior Audit Findings.	1
	<u>7</u>
Total	<u>39</u>

Appendix A-2

Summary of Independent Audit Report Deficiencies Three-Year Comparison

Description of Audit Report Deficiency	Number of Occurrences		
	2008-09	2009-10	2010-11
<u>Independent Auditor's Report</u>			
The introductory paragraph of the Independent Auditor's Report did not indicate which financial statements were covered by the independent auditor's opinion as required.	1	0	0
The Independent Auditor's Report did not include the independence-related disclosure statement required by government auditing standards when the audit is prepared by the county auditor-controller.	1	0	0
The Independent Auditor's Report did not contain a statement that the purpose of the separately issued GAS Report is to describe the scope of the testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance.	2	0	1
<u>Basic Financial Statements</u>			
The <i>Statement of Activities</i> in the basic financial statements did not total correctly.	6	1	1
<i>Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Assets</i> amounts shown did not match amounts referenced in the notes to the financial statements.	0	1	0
The <i>Balance Sheet-Governmental Funds</i> title did not correspond with the presentation of the financial statement.	0	0	1
<u>Notes to the Financial Statements</u>			
The notes to the financial statements did not include adequate disclosure of long-term debt; it did not include a schedule of changes or a statement of debt service requirements to maturity.	0	1	1
The notes to the financial statements did not include adequate disclosure of all material items necessary for a fair presentation of the financial statements.	0	1	0
<u>Required Supplementary Information (RSI)</u>			
The Schedule of Budgetary Comparison is missing a required element (final version of legally adopted budget), had improperly labeled amounts, did not total correctly (contained mathematical error/errors), and/or was not in a presentation consistent governmental accounting principles.	3	0	0
The RSI of the budgetary comparison data for the general fund and any major special revenue funds did not total correctly.	0	0	1

Appendix A-2 (continued)

Description of Audit Report Deficiency	Number of Occurrences		
	2008-09	2009-10	2010-11
<u>Government Auditing Standards (GAS) Report</u>			
Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards (GAS Report) included in the audit report was not properly titled and/or is not in the correct format.	1	0	1
The GAS Report was not prepared in accordance with the American Institute of Certified Public Accountants (AICPA) Statement on Auditing Standards (SAS) No. 112/115.	2	3	0
The GAS Report did not include the correct and/or complete definition of a deficiency in internal control or a material weakness.	0	7	1
The GAS Report did not include the correct statement for the auditor's consideration of internal control over financial reporting when material weaknesses were noted.	0	1	5
The GAS Report included contradicting statements that resulted in ambiguity in the independent auditor's opinion.	0	1	1
The GAS Report did not include a statement that deficiencies identified are considered significant deficiencies, and/or the description of the significant deficiencies (including management views/response and corrective action).	0	2	0
The GAS Report did not include the definition of a significant deficiency when significant deficiencies were identified and/or included the definition when no significant deficiencies were identified in the audit report.	0	3	0
The GAS Report did not include the statement that no material weaknesses were identified when no significant deficiencies were noted in the audit report.	0	1	0
The GAS Report did not include the statement that no material weaknesses were identified when significant deficiencies were noted in the audit report.	0	1	0
The GAS Report did not include the required statement related to compliance with provisions of laws, regulations, contracts, and grant agreements.	0	0	6
The GAS Report included an incomplete and/or incorrect statement that the auditor's consideration of the internal control over financial reporting was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weakness.	0	0	1
The closing paragraph of the GAS Report did not properly identify recipients of the report, including the SCO.	2	0	0
<u>Management Letter</u>			
The audit report refers to a separate management letter that was not submitted to the SCO.	4	2	2
<u>Auditor's Report State Compliance (State Compliance Report)</u>			
The state compliance report did not include the word <i>independent</i> in the title of the report.	0	1	0
The state compliance report did not identify applicable compliance requirements or a reference to where they can be found.	0	21	4
The state compliance report did not include the statement that compliance with the requirements of laws, regulations, contracts, and grants applicable to the California Children and Families Act (Act) is responsibility of local commission's management.	0	3	0
